To whom it may concern:

This letter is written in strong support of Safaris Chelet. My name is Dr. Alan W. Maki and I am currently the Corporate Secretary for Safari Club International. I am an experienced African hunter with 21 safari trips to most sub-Saharan countries. Earlier this year I had the pleasure of hunting with Safaris Chelet from their Ngoko Safari Camp in Cameroon. The trip was organized by PH Jose Chelet Pastor and my PH in the field was Joaquin Marza Chelet. All arrangements were first class, the camp was well run and very organized. The meals were great and all my needs were met. I was successful in hunting the specific species I was after and I was very pleased with the entire operation. I would recommend Safari Chelet to anyone wishing to go on a first class hunt in West Africa.

A handwritten signature in cursive script that reads "Alan W. Maki". The signature is fluid and somewhat stylized, with the first letters of the first and last names being prominent.

Alan W. Maki
