Dear Sir/Madame,

Please accept this letter as my recommendation for the Chelet Family. We have been hunting and doing business with the Chelet Family for several years. We have hunted with Jose Chelet Pastor and Jaocuin Marza Chelet extensively. The Chelet family is highly respected within the hunting community and are widely known for the ethical business approach.

In my hunting experiences with the Chelet family the camps are always first class, the food is great and the staff is very friendly and professional. Another area that I have always found great is their anti-poaching programs are great as well. In all the areas I have hunted, there was plenty of game as well.

The trophies are always treated professionally and are in great shape when they get to us here in the USA. The staff is taught to skin and prepare the meats and hides to perfection. Getting the trophies to the USA is always flawless as well thanks to the strong administrative support of the Chelet offices managed by Adela as well.

I cannot highly recommend them enough and would be happy to answer any more questions you might have. Please do not hesitate to call or write if we can be of assistance.
